RE: Review of Archaeological Report entitled: *Stage 1 and 2 Archaeological Assessment for SunE Westbrook Solar Farm, Lots 4 &5, Concession 5, Town of Westbrook, Township of Kingston, Kingston and Frontenac County, Dated November 10, 2011 received by MTC Toronto Office November 17, 2010.*

**MTC Project Information Form Numbers P052-329-2011
MTC RIMS Number HD00665**

Dear Keith,

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 2011 Standards and Guidelines for Consulting Archaeologists set by the Ministry, and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.*

As a result of the Stage 2 archaeological assessment of the subject property no archaeological materials or features were identified, and the report recommends that there are no further archaeological concerns for the subject property.

Given the above, this Ministry concurs with the recommendations of the report that there are no further archaeological requirements for the areas described in Figures 3 and 4 of the above titled report.

At this time I would also like to note that in reviewing this report, a specific issues was identified that need to be addressed in future reports. In the report Section 1.1, §7.5.6, s. 1 is addressed correctly; however this information is absent from the cover letter. In the cover letter a series of 'guesses' regarding the approval authority and applicable legislation are made. Note that the cover letter is an important part of the report package, and future reports may be returned for revision when this information is absent.

The report will be accepted into the Ontario Provincial Register of Archaeological Reports.

Please feel free to contact me with any concerns or questions regarding this letter.

Yours,
