This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

This Stage 1/2 background study and field survey did not locate any archaeological materials and it is recommended that the study area as depicted by report Figure 3 be considered free of any archaeological concern. The Ministry of Tourism and Culture concurs with these recommendations and accepts this report into the Ontario Public Register of Archaeology Reports. This letter does not constitute the Ministry's written comments for the purposes of O. Reg. 359/09.

Please feel free to contact me with any concerns or questions regarding this letter.

Yours,

Paige Campbell
Archaeology Review Officer
